#### Principal's Message

### From Seed to Sky

Dear Marygirites,

An enthusiastic welcome to the first Newsletter of this Academic Year.

Year 2025-26 is solemnised as the "CMI Year of Education" and we celebrate the rich educational vision of the Carmelites of Mary Immaculate. "Integral Formation of Human Persons", the motto of this special year urges us to look beyond textbooks and examinations. Saint Irenaeus profoundly said, "The glory of God is man fully alive." At Marygiri, our mission is to help every student to become that "fully alive" individual, one who is intellectually bright, emotionally balanced, socially responsible and spiritually rooted.

Each initiative in our campus is designed to shape the whole person enriching not just the intellect but also the heart and soul. We believe that every child carries within him or her the seed of greatness. With the right support and inspiration from parents, teachers, elders and even peers this seed can grow, take shape and bear fruit. Our role is to nurture this process with care and a constant, supportive presence – guiding, encouraging and walking alongside our children at every step.

God our Creator, dreams for each one of us. To live up to that divine dream is our calling. We are not meant to journey alone. We need strength, guidance and encouragement from one another. Through the programmes and experiences in our classrooms and campus the spark is lit and we help our students grow into thoughtful, responsible individuals.

This year our school theme "Belong Believe Become" beautifully captures our journey. Belong – to a caring community and a greater purpose. Believe – in ourselves, in others and in the beauty and bounty of life. Become – what we are truly meant to be. Every day offers us a fresh opportunity to grow, to learn and to become a better version of ourselves. Every single day at Marygiri is a step towards that becoming.

May this academic year be a time of deep learning, joyful discovery and meaningful transformation for each one of us.  
God bless you all.

Fr. Mathew Kareethara CMI  
Principal

## Inspiring Paths : From the Campus Director

Dear Marygirites,

It is with great enthusiasm and optimism that I welcome you all to the first newsletter of this academic year. This publication marks the beginning of another chapter filled with opportunities, growth, and achievements. I encourage each student to strive for excellence in all their endeavours. Whether it's academics, sports or extracurricular activities dedication and hard work are the keys to success. Let us all foster an environment of mutual respect and integrity. Treating each other with kindness and maintaining honesty in our actions are fundamental values that we hold dear. I urge students to maintain a curious mind and a love for learning. Ask questions, seek knowledge and never stop exploring new ideas and subjects.

Our school is a community and every member plays a vital role. I encourage everyone to collaborate, support each other and work together towards common goals.

This year, we have planned numerous activities, projects, and events that will provide ample opportunities for our students to shine and develop their skills. I am confident that with your active participation, we will make these initiatives successful and memorable.

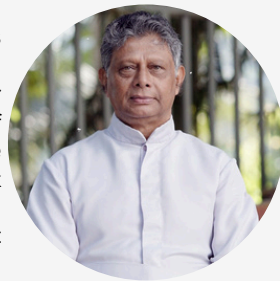

I extend my best wishes to each one of you as we begin this new journey together. May this newsletter be a source of inspiration and a platform for sharing our collective achievements.

I deeply appreciate your dedication and effort in bringing out Prelude, our newsletter.

Together, we can achieve remarkable outcomes.

Best regards,

Fr. Jose Parekattu CMI  
Campus Director

# Commemoration of CMI Year of Education

## 'INTEGRAL FORMATION OF THE HUMAN PERSONS'

"11 May | Mannanam 🌿

A day of spiritual deepening for our teachers, embracing 'Integral Formation of the Human Persons' in the spirit of quiet reflection and purpose."

The day began with the Solemn Divine Liturgy at St. Joseph's Monastery, led by Mar George Madathikandathil, Bishop of the Eparchy of Kothamangalam.

The public meeting at K.E. School was presided over by **Mar Thomas Tharayil**, Metropolitan Archbishop of Changanassery, with **Mr. V.N. Vasavan**, Hon'ble Minister for Ports and Co-operation, as Chief Guest.

## Voices Within....

As we step into a fresh chapter filled with hope, dreams, and purpose our journey is shaped by two guiding lights:  
From our CMI educational mission, we embrace the call for the "Integral Formation of Human Persons."

And from our school's own heart comes the inspiring theme : "Belong. Believe. Become."

Let us reflect on how this path begins with belonging, grows through believing, and leads us to become our best selves.

### Belong – The Foundation of Growth

To grow, we must first feel that we belong to ourselves, where we accept who we are – our strengths, our flaws, and our unique gifts. In our families, we learn to belong through love, respect, and shared values. In school, belonging means that every student is seen, valued, and included – no matter their background, language, or talent. This year, let's make each other feel at home – because when we feel we belong, we're ready to grow.

### Believe – The Courage to Dream

Belief, it shapes our identity and our relationships. First believe in ourselves – in our potential, and our dignity to grow through effort and grace. In our families, belief shows up as trust and support. In school, we are called to believe in each other – to encourage, and inspire our peers. Let us step into this year with courage – believing not just in success, but in the deeper purpose of our learning.

### Become – The Journey of Transformation

True education is not just about what we know, but who we become. We are becoming more aware, more responsible and more compassionate – within ourselves. In our families, we become more present, more grateful and more loving. In society, we are called to become people of integrity, justice and service.

Let this school year shape us into leaders, dreamers, and doers – rooted in and driven by purpose. Remember:  
When we belong, we feel connected; When we believe, we grow in confidence; And, when we become, we fulfil the promise within us. Together – as one school, one family – let us journey forward in faith, hope and love for the integral formation of human persons.

**Ms. Nimmy Elizabeth George**  
Teacher

## Theme of the Year

# BELONG BELIEVE BECOME

# Prarambh

## *A Joyful Start*

The academic year 2025-26 commenced on 2 June with Prarambh, marking the vibrant return of students from UKG to Class 10 and Class 12. The highlight of the day was a graceful welcome dance that captured the spirit of new beginnings and the joy of reconnecting with learning.

A significant moment was the commemoration of the CMI Year of Education, where Fr. Jose Parekattu CMI, Campus Director, commemorated the CMI Year of Education, highlighting the theme 'Integral Formation of Human Persons'. The school theme 'Belong Believe Become' was unveiled.

Fr. Jibin Koottanal was introduced and welcomed as the new Vice Principal and Rector. New teachers and students also received a warm welcome. Classes LKG and XI reopened on 4 June completing the circle of new beginnings.

## World Environment Day – A Call to Action

On 5 June, students of classes 3-8 came together to observe World Environment Day with the theme Ending Global Plastic Pollution. The celebration began with a special oath to keep the surroundings clean and green. Ms. Lovely Nair, Biology teacher, inspired all with a reminder of the historic Chipko Movement. A vibrant dance performance echoed the urgent call to protect Mother Earth. Various competitions added colour to the day. A separate celebration was held for classes 1 and 2 at Maria Hall which highlighted the importance of the day.

### Voices Within...

#### *A River's Cry and a Tree's Embrace*

World Environment Day is not just a celebration of nature – it's a reminder of our duty to protect it. Nature doesn't need us; we need nature. And this truth hits hard when we see our forests vanish, rivers polluted and animals silently suffering.

Take Kerala's Periyar River, a lifeline for lakhs of people. In 2018, scientists found microplastics in its waters, even inside the protected Periyar Tiger Reserve. Where did it come from? Everyday - plastic bags, wrappers, bottles - discarded carelessly in towns and pilgrimage centers. Over time, this plastic breaks down and harms aquatic life, entering the food chain.

A heart-wrenching example comes from Costa Rica, where a plastic straw was found lodged in a sea turtle's nose, causing pain and bleeding. This global plastic menace is also visible in our forests. Between 2001 and 2020, Kerala lost around 17,000 hectares of forest – weakening the land and worsening disasters like the 2018 floods.

But history reminds us that even small actions matter. In the 1970s, villagers in Uttarakhand sparked the Chipko Movement by hugging trees to protect them – a peaceful, powerful act led mostly by women.

On this Environment Day, let's take inspiration. Say no to single-use plastic, carry reusable bottles, plant trees and keep our surroundings clean. Let's be the voice for our rivers, the strength of our forests and the hug that protects a tree. The time to care is now.

**Mrs. Lovely Nair**  
Teacher

# Laurel Fest 2025

## The Merit Day Celebration

Our school celebrated Laurel Fest – The Merit Day Celebration on 13 June 2025, recognizing the exceptional achievements of Grade 10, Grade 12 and JEE toppers.

Dr. Babu Sebastian, Former Vice Chancellor of Mahatma Gandhi University, honoured the occasion as the Chief Guest. In his inspiring keynote address, he emphasized, “True success lies in acquiring the skills and knowledge through education that enable you to perform well in every aspect of academic and competitive pursuits.”

The event’s highlight was the presentation of the Excellence Awards to the top achievers. The proud toppers shared their journey of perseverance and expressed heartfelt gratitude to their school, teachers and parents. Parent representatives also appreciated our school’s role in shaping their children’s academic paths.

## Curio Corner

- The sentence “The quick brown fox jumps over the lazy dog” uses every letter in the alphabet.
- “Dreamt” is the only English word that ends with “mt.”
- Bananas are berries, but strawberries are not!
- The Eiffel Tower can grow taller in summer – by about 6 inches – due to heat expansion!

## Lexis

## Lab

## Word Unscramble Challenge

Put your vocabulary to the test!

### Game 1: Word Scramble

Unscramble the following words and write the correct word next to it.

1. RYNOCTIUAD \_\_\_\_\_
2. TCBALERAI \_\_\_\_\_
3. LPETNAA \_\_\_\_\_
4. SRASMEH \_\_\_\_\_
5. RCEINESC \_\_\_\_\_

Stay tuned ! The answers will be revealed in our next Edition

## Voices Within...

### Ending Plastic Pollution: A Global Call to Action

“The greatest threat to our planet is the belief that someone else will save it.”  
— Robert Swan

Plastic pollution is one of the most urgent environmental issues today. Every year, over 400 million tons of plastic are produced, with at least 14 million tons ending up in our oceans. Single-use plastics like bags and bottles take centuries to decompose, harming marine life and polluting our food and water with microplastics—even entering our bodies.

#### Why Should We Care?

Plastic pollution affects us all—our health, our environment, and the future of our planet. If we don’t act now, by 2050, there could be more plastic in the ocean than fish.

### What Can We Do?

- Carry reusable bottles, lunchboxes and bags.
  - Reduce, Reuse, and Recycle responsibly.
  - Join or organize clean-up drives.
  - Raise awareness through campaigns, posters or social media.
  - Support eco-friendly brands and policies.
- Small actions lead to big change. Let's be the generation that ends plastic pollution!
